Aug. 4, 1923

Erie, Pa.
Aug. 4, 1923.

Albert A. Hopkins, Editor,
Scientific American Publishing Co.,
233 Broadway,
New York City.

Dear Sir,

The enclosed photographs showing the obverse and reverse sides of an old coin are submitted for your examination. The photographs are slightly enlarged to clarify details, the actual size of the coin being $\frac{3}{4}$ inch. The coin is in an excellent state of preservation although encrusted with dirt which dulls the details somewhat, but no attempt has been made to clean the coin.

Please advise me as to the identity and value of this coin, or if you are not interested please let me know the address of some interested collector or dealer.

Two-cent stamp for reply is enclosed.

Very truly yours
C. W. Lange
541 West 10th St.
